

OUTLOOK OF BRITISH EMPIRE FOR COMING YEAR RATHER SOMBRE

Many Problems are Pressing for
Solution on Every Hand--Ir-
land and Unemployment Big
Questions at Home--Dealings
with U. S. Require Careful
Handling.

(By The Associated Press)
LONDON, Dec. 30.—Britain's outlook for 1921 is pic-
tured in rather sombre colors by the politicians, economists,
financiers and labor leaders. At home two outstanding
problems—unemployment and Ireland—have baffled the
government while it is also besieged by many results of the
war including a vigorous newspaper campaign against so-
called government extravagance.

In the foreign field looking eastward, there is the per-
plexing problem of settling the Palestine boundary prom-
ising some pointed exchanges of opinion with France; Mesopotamia, with its huge expense and its oil; the ever
present Persian difficulties which the last agreement has
not allayed; India, which is in a greater state of unrest,
and for years requiring an exceptionally large garrison;
Russia, with her trade proposals, which have caused a
split in the British cabinet, and the uncertain Greek situation.

Officials believe that within the
next twelve months important
dealings between Great Britain
and the United States will nec-
essitate most careful handling.

Negotiations between the two
countries have been almost dormant since the political conventions
in the United States.

There is a desire to clear up
the oil question which has been
the subject of a long series of
communications on the question
as to the extent to which the
United States shall participate in
the world petroleum supply, much
of which is under British man-
date. It is believed, however, that
considerable more negotiating is
necessary before an agreement
is reached.

Settlement of cable control also
offers many perplexities particu-
larly in that the United States is
continually reaching farther for
world trade, shipping experts and
officials are of the opinion that
the new mercantile marine of the
United States is likely to bring
up a question of adroit diplomacy
and point to Secretary Daniels' announcement of a big naval pro-
gram as the forerunner for ship-
ping differences.

Officials here have not desired
to push these questions to a set-
tlement, but American administration
hope to get them under way soon
after March 4.

While the government is being
seriously pressed on one side to
cease enormous expenditure it is
besieged on the other with de-
mands for unemployment funds,
cash for housing schemes and
other post war expenditures, a
result that there is little like-
lihood of reduction in the burden-
some taxation.

Some Relief Promised
Some relief is promised in re-
duced cost of living except in the
price of food which rose steadily
during 1920. With industry hard
hit and a million jobless, mer-
chants who had been holding com-
modities for high prices are ex-
pected to continue to dump their
goods at a loss. This has caused
slight reductions during the lat-
ter weeks of the old year.

As the year opens, the Lloyd
George government is maintaining
a firm hold and there is little evi-
dence that any of the many small
factions in parliament either
separately or in concerted actions,
is able to defeat the cabinet and
force general elections. The cabi-
net ministers as they pass be-
tween their offices and parlia-
ment see evidence of unrest.

Strong, pulled barricades still
obstruct the approaches to govern-
ment buildings and the huge iron
gates at the entrances to some of
the buildings are kept closed. This
is done the government announced
because it feared a Sinn Fein
outbreak but it is known that it
considered the ill effect Bolshevik
agitators might have on the res-
tless minds of the unemployed.

TELLS ROTARIANS OPEN SHOP FOUNDED ON AMERICANISM

Secretary of Labor
Should Represent
All Classes

FOREIGNERS ARE
BIG FACTOR

(By The Associated Press)
MICHIGAN CITY, Ind. Dec. 30.—The open shop is founded on
the principle of Americanism
and was established more than a
century ago while the closed shop
is advocated by those who are the
apostles of violence and force,
in the opinion of John Glenn,
secretary of the Illinois Manu-
facturers' association, speaking
here today before the Rotary
Club.

Elimination of labor bosses was
declared to be one of the means of
clearing the industrial situation
and the influence of public opinion
Mr. Glenn said would be the ruling
factor in final settlement of
industrial controversy.

"There are two things which
have much to do with the present
situation," he declared, "one is
whether Senator Harding will ap-
point a man for secretary of labor
who carries a union card and the
other is whether congress will re-
sist immigration. The final ac-
tion will have considerable to do
with the success or failure of the
open shop movement. We do not
believe a man who carries a union
card and claims to represent two
million so-called union men will
make as good secretary of labor
as a man who represents all the
people of the United States."

"We do not think a man should
be named as secretary of com-
merce who will regard the inter-
ests of the manufacturers para-
mount to those of the farmer,
banker, wage earner or any other
class of society. Congress is in a
panic just now in reference to im-
migration. Do you know what
would happen if congress closed
the gates for a year? Mr. William
Barr president of the inter-racial
council says:

Foreigners Big Factors
"Those of foreign birth and
parentage represent only one third
of the people of the United States
yet they mine three fourths of the
coal, manufacture three fourths
of the clothing, half of the silk,
wool, linen, lace and embroidered
goods; bake more than half the
bread, refine more than half the
sugar and put up half of the con-
diments of the country."

"In my judgment there is
only one thing to do with immi-
gration and that is to keep out the
criminals and undesirables."

LUMBER MILLS MAKE
WAGE REDUCTION
Cut of from 15 to 25 Per Cent
Becomes Effective January 1—
Prices at Lowest Level in Sev-
eral Years.

(By The Associated Press)
Tacoma, Wash. Dec. 30.—Wage
cuts of from 15 to 25 per cent in
the lumber mills of the northwest
will become effective January 1,
or when mills now closed are re-
opened it was announced today
by the local branch of the Loyal
Legion of Loggers and Lumber-
men.

The wage reduction will affect
sixty thousand workers.

The new scale is expected to
be adopted by all mills, whether
they are members of the Loyal
Legion or not.

Under the new scale common la-
bor will be reduced from \$4.40
to \$3.50 a day and skilled labor
will receive a proportionate cut.
Lumber prices are at the low-
est level in several years, manu-
facturers declared.

RAILROADS WILL HAVE TO ABIDE ANTI-TRUST ACT

Wilson Vetoes Bill for De-
lay of Opera-
tion

MUST MAKE
DRASTIC CHANGES

(By The Associated Press)
WASHINGTON, Dec. 30.—
Railroads of the country after
tomorrow will be prohibited
from buying equipment from
companies in which they or their
officers are interested as the re-
sult of the veto today by Presi-
dent Wilson of a bill to delay
further the operation of such a
prohibitory provision in the Clay-
ton anti-trust act. The last of
three separate two year suspen-
sions of the prohibitory section
expires tomorrow at midnight.

The president in announcing
his veto thru a message to the
senate declared the railroads
had been given several exten-
sions of time to prepare for ob-
servance of the law and that no
adequate reasons had been pre-
sented for further postponement
of its operation.

Will Mean Drastic Change.

Railroad representatives on
learning of the presidential veto
which overrode a six to four
recommendation of the inter-
state commerce commission that
the bill be approved declared
failure to suspend further the
operation of the Clayton act pro-
vision would mean a drastic and
immediate revision of carriers'
system of buying equipment.

The contention also was made
by the railroad representatives
that the required change would
add hundreds of thousands of
dollars to the cost of railroad op-
eration.

The president's veto message
on receipt by the senate was
read and left on the vice presi-
dent's desk for future action.
Senate leaders said they could
not determine immediately what
action would come. Senator La-
Follette, Republican, Wisconsin,
an opponent of the bill secured
unanimous consent for postpone-
ment, probably until next week.

STREATOR RATE HEARING HAS BEEN DEFERRED

Petition For Rate Increase
Continued Until
Jan. 24

ASKS FOR FIFTY
PER CENT RAISE

(By The Associated Press)
CHICAGO, Dec. 30.—Hearing
of the Streator Aeneaduct
Company, of Streator, Ill., for
permission to increase its water
rates fifty per cent, was con-
tinued before the public utilities
commission today until January
24, 1921.

The company contended that
the increase was necessary be-
cause they were just breaking
even for the year ending Dec.
31, 1920, and have no money
with which to build a new dam
to insure a larger water supply
for the cities in the district.

The valuation of the company,
at pre-war prices is \$640,000
and at present prices \$1,300,000
according to Dabney H. Maury,
consulting engineer of the com-
pany who testified at the hearing
today.

The water supply of
Streator, Danville and Decatur
has been limited since Nov. 1,
1920, between the hours of 6
p. m. and 6 a. m., it was said.

PROHIBITION CLERKS
ARE UNDER ARREST

NEW YORK, Dec. 30.—Two
women clerks in the federal pro-
hibition directors offices here and
three men today were arrested
charged with conspiracy to de-
fraud the United States thru
withdrawal permits obtained
by bribery.

The women are Mary Parkins
and Regina Sasony and the men
are Edward Donegan a Brooklyn
contractor; Sigmund (Beany)
Rosenfeld, and George R. Stib-
born.

Assistant United States At-
torney Cahill drew up the complai-
ant said to involve the offer of a
\$6,500 bribe to the women.
Later the bribe was said to have
amounted to \$21,500 "paid to the
Parkins women last night at her
hotel apartment by Donegan."

HARDING WARNED NOT TO USE ANY OF VERSAILLES TREATY

Knox Says There Will
Be Bitter Oppo-
sition

TALKS WITH HAYS
AND DAUGHERTY

(By The Associated Press)
MARION, O., Dec. 30.—The
senate irreconcilables had their
meeting today in President-
elect Harding's "meeting of
minds" and their spokesman
went away from Marion declar-
ing unbounded confidence that
no foundation timbers for the
new association of nations would
be taken from the covenant of
Versailles.

Senator Knox of Pennsylvania,
once secretary of state and
thrust into the treaty fight a leader
of the rejectionists brought to
the president-elect the warning
of bitter opposition should he at-
tempt to revive the covenant in
any form as a basis for his new
peace society.

Has No Set Idea.

"I am assured," said the
Pennsylvania senator afterwards
"that he has no set idea in
mind."

Mr. Harding's conference with
Mr. Knox dove-tailed, with an-
other of unusual importance in
which the president-elect took
up with his ranking political ad-
visors, President Harry M.
Daugherty and Will H. Hays, the
problem of cabinet appointments.

No conclusions were revealed,
but there were growing indica-
tions that the two party leaders
had been summoned to give a
final opinion on two or three of
the most important posts in the
official family of the next admin-
istration. One of the appoint-
ments foreshadowed for the fu-
ture is that of secretary of state
place for which Charles E.
Hughes is understood to be under
serious consideration.

A secretary of the treasury
seems likely to be named at the
same time and speculation for
that position gives greatest
prominence to the names of
Charles G. Dawes and John W.
Weeks.

Most of the other posts will be
filled later and those close to
the president-elect say that noth-
ing like a complete cabinet slate
has yet been seriously con-
sidered.

Plans for the inauguration
also were discussed by the pres-
ident-elect and Mrs. Harding dur-
ing the day with Mr. Hays, Mr.
Daugherty, Senator Knox and of-
ficials of the Washington inau-
gural committee. E. B. McLean,
chairman of the committee and
Jesse W. Smith its secretary, laid
before Mr. Harding many sug-
gestions for the ceremony which
had been scheduled to take place
on an old time inaugural celebra-
tion on a scale never exceeded in
the nation's history.

FOOTBALL TEAMS READY FOR GAME

Ohio and California Taper off
Practice for Game New Years
Day—Great Crowd Will Wit-
ness Game.

Pasadena, Calif., Dec. 30.—The
University of California and Ohio
State football squads today began
tapering off their practice in pre-
paration to their game here New
Year's day. The coaches plan just
enough practice to keep the play-
ers on edge for the contest and
not enough to risk injuring a first
line man thru further service
scrimmage.

Football experts continue to ex-
press the opinion that the result of
the clash between the two western
and the middle westerners will be
the ability of the bears to stop Pete
Stinchcomb, All-American half-
back.

At the same time, they declare
unless the Buckeye line can hold
its own with the California wall,
Stinchcomb will not "get loose"
with the regularity he has dis-
played in the east.

Every effort is being made to
speed up the handling of the
crowd which seems likely to be
the largest ever attending a foot-
ball game in Southern California.
Precautions are being taken
against accident and against tick-
et scalping.

MARCEL CACHIN FRENCH DEPUTY EULOGIZES LENINE

Speech Tho Mild Creates
Excitement in the
Chamber

GOVERNMENT
ACCEPTS CHALLENGE

(By The Associated Press)
PARIS, Dec. 30.—An over-
whelming vote of confidence in
the government in connection
with the Tours socialist congress
was given by the chamber of
deputies this evening. The vote,
which was 451 to 54, came after
the gauntlet had been thrown
down to the government by the
new communist party of France,
formed at the Tours congress and
acceptance of the challenge on be-
half of the government had been
made by Minister of the Interior
Steeg.

Deputy Marcel Cachin told the
chamber that revolutionary efforts
by the new communist party would
continue, despite any action the
government might take. In reply
Steeg warned the revolutionary
party that any attempt at revolu-
tion would be suppressed with
all the means in the hands of the
government.

The debate arose from an in-
terpellation of M. Vaila, a Royal-
ist deputy, who asked the govern-
ment to explain why Clara Zet-
kin, member of the German reich-
stag and of the executive commit-
tee of the third Internationale had
been permitted to enter France
and speak at the Tours congress.
The discussion gradually broad-
ened into a debate on the general
policy of the government to-
ward immigration, the permit-
ting of undesirables to enter
France and allowing revolutionary
propaganda by foreigners and
French members of the commu-
nist party to proceed undisturbed.

Speech Was Mild

This reference to the Tours
congress brought M. Cachin lead-
er of the extremist of the social-
ist party in France and now lead-
er of the communist party to the
speaker's tribune. M. Cachin's
speech, however, seemed to be dis-
appointing to the deputies of all
shades of political opinion as well
as to the great throngs which
packed the galleries, because of
its mildness when compared with
the speeches he had made at the
Tours congress.

REDUCTIONS IN RETAIL PRICES ARE PREDICTED

Merchants Will Have to
Make a Cut in Their
Prices

REASONABLE BUYING
IS BEING URGED

(By The Associated Press)
NEW YORK, Dec. 30.—Reduc-
tions in retail prices after next
week are predicted today by J. H.
Tregoe, executive secretary of
the National association of Credit
Men in his January letter to the
members of the organization
throughout the United States.

Declaring the retailers have
not followed the lead of manu-
facturers and wholesalers in cutting
prices, he said retail merchants
would have been better off had
they taken their losses and dis-
tributed commodities to consum-
ers while the purchasing power
of the consumers was still
strong. Many, he explained wait-
ed for the holiday trade before
making reductions and, while the
trade was fair, essential buying
has been narrow.

Mr. Tregoe urged considera-
tion to the problem of preventing
unemployment which he termed
"the serious thing of the mo-
ment."

"We urge wise and reasonable
buying upon the part of all," he
said. "This alone will keep in-
dustries moving and prevent
idleness. A stable price basis can-
not be reached except by a free
movement of commodities and so
long as business is held up by
the holding back of consumers,
prices will be uncertain and lack
confidence."

RECEIVERS FOR
PICTURE COMPANY

Frohman Amusement Company
Unable to Pay Bills.

(By The Associated Press)
NEW YORK, Dec. 30.—Re-
ceivers in equity were appointed
for the Frohman Amusement cor-
poration, motion picture manu-
facturers and producers by
Judge John C. Knox in federal
district court here today. The
defendant company's assets were
given as \$240,000 and the li-
abilities as \$67,705.

The Powers Film Products
company, Inc., in its petition
claiming \$2,982 asserted that the
defendant company has spent
\$54,000 in the production of a
picture and that it is unable to
continue the production for lack
of cash.

Cancellation of the Frohman
company's contract with the ac-
tress being starred in the picture
as threatened by her, the petition
continues, would result in the
money thus far invested becom-
ing a total loss.

CHAIRMAN GOOD IN BITTER ATTACK ON THE SHIPPING BOARD

Says That It Will Not Receive One Penny if
He Can Help It—Would Compel It to Sell
Its Equipment—Attacks the War Depart-
ment—Wants Soldiers to Learn to Work

(By The Associated Press)
WASHINGTON, Dec. 30.—In opening house debate on
the sundry civil appropriation bill, Chairman Good of the
appropriations committee today served notice that if he
could prevent it, "not a single penny" would be appropri-
ated for the shipping board. He added that his com-
mittee felt "that it had to get behind the shipping board
and compel it to sell its plant and equipment."

House leaders took up the big appropriation bill with
the avowed purpose of disposing of it as soon as possible
to make way for other important supply measures to run
the government thru the fiscal year of 1922.

The bill contains more than 1,
000 items and calls for an agree-
ment appropriation of \$383,611,
292. General debate on the meas-
ure will be concluded tomorrow
and its consideration item by item
will begin next week.

Chairman Good in the course of
today's discussion assailed the
provision which had been rejected
by his committee to give the ship-
ping board \$147,000 for the sup-
port of the emergency fleet cor-
poration.

Nothing "or the Shipping Board."
"We are not going to appropri-
ate, if I can prevent it," he said
"a single penny for this board
that does not know its business
and is wasting the peoples' money
and if it is going to get and money
it must get it out of the salvage
of its plant."

Representative Rankin a
Democrat, Alabama asked if Rep-
resentative Good was making it
possible for the board to put off
the day of final reckoning as to
the profit or loss of its operations.

"I don't think so," Mr. Good
replied. "If you had watched the
spectacle of man after man in
high position on the shipping
board who knew nothing about
the business in which he was en-
gaged, except to know the amount
of his salary you would not be
ready to criticize the committee.
We want them to commence to
salvage some of these plants and
materials and they must start to
work. They have got to learn this
business or get out of it."

"The committee feels that some
ships should be sold, it feels that
now is not the time to take money
and loan it to any shipping board
concern to build other ships be-
cause the money is likely to be
lost. The committee feels that it
has got to get behind the shipping
board and compel it to sell its
plants and equipment."

Wants Armymen to Work
The chairman also attacked the
war department for spending
more money than congress had
appropriated in recruiting the
army. He said he personally was
in favor of limiting the army to
150,000 men and "make them
learn to work."

The committee chairman, how-
ever, in urging economy said that
the salaries of many government
employees were too low and declared that "congress
must soon pay some attention to
the salary question because the
low salary scale is having a de-
moralizing effect on government
service."

Commenting on the care of and
training of disabled veterans, Mr.
Good said that both the war risk
insurance bureau and federal
board of vocational education
would have expended balances
at the end of the current fiscal
year and that with these amounts
together with appropriations car-
ried in the bill the war risk in-
surance balance would have ap-
proximately \$163,000,000 and the
board of vocational education
\$75,500,000 during the coming
fiscal year—approximately the
amounts, he said they had es-
timated they would need.

"Congress will take care of the
disabled soldiers," Mr. Good de-
clared.

duced today by Senator Morrisson

That's the biggest surprise of all that Pullman Co., employees should suggest a 20 per cent reduction in their wages. Perhaps when this new agreement has been made and the company has thus been saved a few million dollars, the public may get the benefit thru lowered Pullman rates. However, it must be remembered that the recent 50 per cent increase in Pullman rates was for the benefit of the railroads and not for the sleeping car company.

Members of the Illinois teachers association in proposing a state distributive fund of \$20,000,000 are asking for a very heavy increase. The fund has been \$6,000,000 and this is probably quite out of line with some other states where the educational program has made good progress. Nevertheless to jump the distributive fund so radically would place a big burden on taxpayers, who might resent it. For the most part,

taxpayers have been reasonably responsive to requests from school forces for increases to meet new conditions. The increase in the distributive fund should be made more gradually.

It is not surprising to note the statement of the city political writers that Governor-elect Small can name the next speaker of the Illinois General assembly. Mr. Small and his associates are so clearly in control of the state political situation that it would be surprising, indeed, if they did not have the ruling hand in the legislature.

But it is quite possible that the governor-elect may decide that the course of good politics is not to interfere in the speaker's contest, and Mr. Small and his associates seem to know something about good politics.

THE RIGHT SPIRIT FOR STARTING THE NEW YEAR.

"Courage strengthens," says the editor of Forbes Magazine and then continues, "Fear weakens. Courage wins. Fear loses. Courage inspires the confidence of others. Fear invites their contempt. Banks will extend credit to the man who has faith in himself and his business. Sentiment is contagious. Talk panic and you foster panic. Talk optimism and you inspire optimism. Keep your head and your feet on the ground. Lose your head and you are in danger of losing your business. The year 1920 opened with a blaze of blatant exuberance not justified by what manifestly lay ahead. The year 1921 is opening to the accompaniment of a funeral dirge not justified by the outlook.

"Last year saw us soaring farther and farther away from economic sanity. This New Year sees us moving steadily nearer economic sanity. In the horoscope last January were clearly discernible signs of coming trouble. The horoscope now contains many signs of coming stability. The wise business man looks not only to the conditions of the moment but tries to foresee the probable conditions of the morrow. The short-sighted are the most pessimistic today; the far-sighted the most optimistic. Let us enter 1921 with characteristic American courage and faith and vision, with cool heads, clear eyes, stout hearts, erect shoulders and firm steps."

Rippling Rhymes

By Walt Mason

1921

We greet the New Year with a smile, and say, "Take off your things, and come right in and stay awhile, and feel at home, by jingo; for brand new years are quite in style, and every joy bell rings." Men always are sustained by hope, as down the world they tread, and though in darkness they may grope, they know there's light ahead; they're strong on optimistic dope, and say the past is dead. This spirit always is on deck wherever men abound; it saves their souls from ghastly wreck, and makes the world go round; and so, my clever in the neck can silence or confound. Old Twenty's weary course is run, so let him disappear; we turn to Nineteen-Twenty-one, and give a ringing cheer; the new year's blithe and full of fun, the old year's on his tier. The old year's petered out and spent, and now we hail the new, and every dame and every gent enjoys a rosy view, and every dream that's worth a cent is likely to come true. This world would be a dismal place, a desert drear and vast, if man should always turn his face back to a troublous past, if he should after sorrow chase, and groan and stand aghast. But human beings do not turn to sad things and forlorn; the ghosts of yesterday they spurn, and laugh away with scorn; the gods have taught them how to yearn for bright days yet unborn.

HIGH SCHOOL AFFAIRS UNDER DISCUSSION

Principal Shafer of This City Made Address Thursday Before High School Section of Illinois Teachers' Association

B. F. Shafer, principal of the Jacksonville High School made an address before the High School division of the Illinois State Teachers' Association in Springfield Thursday morning.

Mr. Shafer discussed the subject: "Needed Legislation From the Viewpoint of the City High School."

A recent movement has made the obtaining of our requests more difficult. And that is the great cry for economy and the lowering of prices. But what is wise economy? That which makes it necessary for us to pension our aged and attracts too few men and women of ability into the work of educating our future citizens? Surely not. Funds must be provided which will provide more than merely a living wage, which will attract men and women of ability into the profession and make, so far as possible, equal opportunities for education for the children in the various parts of the state.

Democracy in Education.

Have we reached Democracy in education? Certainly we are nearer to democracy in education than we ever were before. But it is also true that we are still very far from such a goal. In this paper I will not take the time to discuss democracy of the curriculum but will only have reference to equality of opportunity as it is determined by financial support. That children fortunate enough to be born in certain parts of our state have far better opportunities to obtain that education which they need, is a fact every one must acknowledge.

In this connection I recall my experience during the summer of 1911, while visiting the schools of Gary, Indiana. After an observation of the work that was being done during the day time we were invited to stay to see a demonstration of playground activities to be given that night. As I observed the children playing the various games and going thru various physical training exercises on the well lighted play grounds I could not help but think of the children on the clay knobs of southern Illinois. This experience might have been had by visiting various places within our own state. It raises the question: Why should such differences exist? The patriotic native born citizens of some parts of our state do not have the opportunities that children do who happen to have been born in parts where the property valuations are high.

These conditions seem to call, very clearly and justly for legislation which will equalize the burdens of taxation and the educational opportunities in the several parts of the state. This of course means a greatly increased state distributable fund which I feel sure this organization should support. As you all know this fund at present is six million dollars. Conservative school men say it ought to be ten million dollars. The City Superintendents' Association and the State School Board Association have passed a resolution favoring twenty million dollars. To my way of thinking the highest of these estimates is none too high.

Legislation of City High Schools.

What is the legislation which City High Schools desire? I will first answer this question in a very general way—applicable to the needs of the schools of the entire country: (a) That legislation which will make possible adequate training for the future citizens of America.

(b) That legislation which will enable the schools to pay what is necessary to obtain this training.

(c) That legislation which will provide adequate funds, we can formulate a more definite program. All of the city high schools; that is the high schools in cities which the grades and high school are all under one Board of Education, are financially handicapped. Community and Township high schools have the same taxing power to support them as the cities under unit control have to support both the grades and high school.

The only relief under existing laws about which we can feel positive is to adopt the dual system that is to organize a township or community high school and have the high school under the control of a different administration. This is not thought to be advisable by most of the larger cities. In fact some have voted down the proposition and have chosen to get along under the unit system as best they can believing that a better arrangement between the grades and high school can be maintained than in the case of the dual system. Surely no one will doubt this to be the case and cities in which the high school enrollment is already large ought not to be forced to adopt the dual system in order to obtain relief.

The remedy for this situation which has met with most favor thruout the state is legislation which permits the larger cities to make an additional levy for their high schools without the necessity of organizing community or township districts to accomplish that end. Personally, I am inclined to favor an increase in the levy for educational purposes in cities that wish to maintain the unit system instead of the special tax for high schools. I see no reason why we should begin the making of special

taxes. It is the beginning of a movement which may lead to the levying of a special tax for the support of continuation schools, another for kindergarten and so on.

There is a partial remedy for the city high school situation yet to be mentioned. This remedy is in the formation of a consolidated school district. Any number of adjoining districts, by a majority vote of all the legal voters in the districts concerned may consolidate themselves into one large district for purposes of school administration.

Recently this legislation has been held up in the supreme court for a decision as to its constitutionality. A decision permitting the law to stand as enacted has been handed down, so this relief is again possible.

I cannot say just what the additional revenue would amount to but it is certain that some additional funds would be made available. Of course all the additional money would come by raising the tax rate of the adjoining districts. At first thought this seems to be a injustice to these districts unless a majority vote in the districts themselves has been in favor of consolidating. On the other hand most of these districts are now being taxed to pay the tuition of their eighth grade graduates who attend the city high school. But this tuition in no cases can be above the actual expense per student as against the fund for educational purposes. This does not help out the building fund at all. I can see no reason why a city should be expected to maintain a building in which the students of the neighboring districts may be educated. The many educational opportunities accruing to such consolidated districts seem to me to furnish ample returns for the money invested.

To my way of thinking the consolidated school district furnishes the very best organization for educational purposes than our law has to suggest. But it only affords a relief for smaller cities. I do not see how cities such as Springfield, Decatur and Rockford could benefit very much. However in cases where the relief is adopted the unit system with all its advantages is maintained.

As stated above the extent of this remedy is questionable. The districts taken in would be taxed at a higher rate but it is true the schools conducted for the children in these districts would cost more because better schools would be provided. If Jacksonville were to consolidate with merely the adjoining districts there would be added approximately two million dollars to the assessed valuation of the district and a little over fifty-three thousand dollars could be added to the school revenue. These districts are now collecting eight thousand one hundred and eighty-three dollars for their schools. Thus there would be added about forty five thousand dollars to the amount now collected for conducting schools in this territory.

FIRE DEPARTMENT HAS TWO CALLS

The fire department received a call about 6:30 o'clock Wednesday evening that the new high school building was afire. Chief Hunt went to the building and found the alarm was caused by some one seeing the reflection from fires in a number of salamanders. These had been placed on the third floor by plasterers to dry the plaster.

Thursday morning the department was called to the residence of James Wyatt, 328 West Court street. Smoke from the chimney was blown by the wind into an enclosed porch and the occupants thought the house was afire.

LONG TIME CITIZEN DIED THURSDAY NIGHT

Death Came to James Hopper Following Long Period of Illness.

The death of James Poad Hopper occurred at 11:45 o'clock Thursday night at his home on Hardin avenue. Mr. Hopper's death followed a long period of illness. For many years the deceased served as trustee officer for the board of education and more recently had been in charge of the Morton school building.

Mr. Hopper was born in 1848 in Scarborough, Scotland and came as a child to this country. In December, 1872, he was married to Miss Martha Wood and their home was always in this city. Mrs. Hopper passed away several years ago. Surviving children are Miss Nell Hopper and Edgar Hopper at home, Mrs. Carl Shafer of Memphis, Tenn., Mrs. Sam Young of Jacksonville and Leland of Springfield. There are five grandchildren. He leaves also one sister and three brothers, Mrs. James Hunter, Charles, Richard and Philip Hopper, all of this city.

The deceased was a member of Centenary church and of Urania lodge I O O F. He was a man of strict integrity and faithful to ever trust imposed in him, a man of kindly and generous spirit, he found many friends who held him in high esteem all thru the years of his residence in Jacksonville.

Arrangements for the funeral have not been made.

JACKSONVILLE MILK PRONOUNCED PURE

Twenty Two Specimens Examined By State Board of Health—Feared It Was Causing Sore Throat.

Some time ago a number of physicians and citizens in informal conference expressed the belief that the sore throat so prevalent in Jacksonville was caused by infected milk.

Accordingly Dr. A. M. King, city health physician, asked the state board of health to make an investigation. Mr. Brophy of state board was sent to Jacksonville and secured samples of milk from twenty two dairies.

Yesterday Dr. King received a letter from the chief of the division of Laboratories with the information that no injuries bacteria was found in any of the samples.

This will be good news to users of milk in Jacksonville. It also speaks well for the manner in which local dairymen operate their respective dairies.

"WHAT EACH NEW YEAR BRINGS"

An old man sat in a large arm chair Smoking his pipe and dreaming day dreams.

Watching the curls of smoke ascending.

Then to mingle with the sun beams.

"Ah! It seems but yesterday," he sighed.

That life was filled with joy.

When old age was only a joke.

And I a robust rollicking boy.

"Soon a young man I became And found myself a mate.

A nest we built with love and care

I think they call it Fate:

"Ere long God sent the little ones

To bless our home, and fill anew With happiness, our lonely hearts

As nothing else can do.

"But it wasn't long 'till they were gone,

And the house seemed lone and drear

Save for the little grand-lets That say 'Grandpa' and gather near:

They climb with glee upon my knee

Then a story I must tell About the many pranks I played

'Round town and school as well.

"These days my dears, were happy ones.

But it's wrong to wish them back 'tis said,

For there's generations growing up

To take my place instead;

So Time's march moves slowly on.

As the young learn to travel the route,

Candles burn in the window every New Year

While the old are ushered out."

BOY'S RECOVERY IS NOW THE TALK OF THE TOWN

Joseph Estrop, Age 16, Had Been in Poor Health All His Life—Gains 30 Pounds Taking Tanlac

"I have seen some strange and remarkable things in this world but I have never yet seen anything to equal the way Tanlac has restored my grandson's health and built him up," said Joseph Hertel, of Dawson Ill., while telling of the recovery of young Joseph Estrop.

"Joseph is sixteen years old," he continued, "and everybody in Dawson knows what bad health he has been in all his life. His stomach was so badly disordered that he couldn't eat without being bothered with gas and shortness of breath, and at times he got so faint and smothery that he could not stand up. Often he had splitting headaches, and sometimes would get so dizzy that he fell flat wherever he happened to be; why, it wasn't safe to let him go out alone.

"His kidneys worried him a lot and he complained of pains all over his body. He was awful

nervous and trembly and got so weak the teacher had to send him home from school. He got down to where he weighed only fifty pounds, had to stay in bed most of the time and couldn't walk a chair or piece of furniture for support.

Last February my twin brother, who had taken Tanlac with good results, got me to give it to Joseph. Well, it's a fact, he began to improve on the very first bottle. He commenced to eat better, his strength came back and he began to pick up in weight. To make a long story short, he is healthier now than he has ever been in all his life. He eats anything without a bit of trouble and has actually gained thirty pounds. He plays baseball, goes fishing, in fact, does anything I ever did when I was a boy. This is what Tanlac has done for Joseph and anybody in Dawson will tell you the same thing."

Tanlac is sold in Jacksonville by Cover Drug Co., Wyle Drug Co., Franklin and Waverly, and leading drug stores in all towns. (adv.)

MISSIONARY SOCIETY HOLDS OPEN MEETING

Pisgah Presbyterian Church Organization Observes Fortieth Anniversary—Interesting Program at Home of Mrs. James Dobyns.

Forty years ago Thursday the Woman's Missionary Society of Pisgah Presbyterian church was organized at the home of Mrs. George Moore.

Last night the anniversary was fittingly observed at the home of Mrs. James Dobyns, east of the city. Thru the forty years of its existence the society has ever worked for the upbuilding of the church and the community and has been a great force for good.

More than one hundred gathered at the Dobyns home Thursday evening to celebrate the event. The home was tastefully decorated, the spirit of the Christmas season being expressed thruout.

Before the supper an impromptu program was given by the young people of the church, consisting of recitations and music. At 7 o'clock the company was served with a bountiful supper.

This was in charge of a committee composed of Mesdames W. T. Scott, Frank Drury, George Graff, James Cunningham and George Holley.

Following the supper the regular missionary program was carried out as follows:

Prelude—Miss Helen Holmes. Hymn, Joy to the World—Society.

Prayer—Dr. Thomas Smith. Song, Let the Savior In—Julia Holmes.

Report of Secretary—Miss Louise Bromley. Reading of the Hymn, Watchman, What of the Night—Mrs. James Holmes.

Piano—Miss Amy Smith. History of Society—Mrs. James Dobyns.

Hymn, A Charge to Keep I Have—Society.

Missionary Letters—Mrs. Frank Drury.

Vocal Duet, Calvary—Clyde and Miss Matilda Richardson.

Thoughts of the New Year, When We Enter the Great New House—Mrs. W. T. Scott.

Closing Hymn, God Be With Us 'Till We Meet Again—Society.

The program was in charge of Mrs. James Holmes.

YOUNG PEOPLE ARE QUIETLY MARRIED

Oris Gray of Franklin and Miss Ula Yeck of Concord United in Marriage Thursday Night at Franklin.

The marriage of Oris Gray of Franklin and Miss Ula Yeck of Concord was solemnized at 10 o'clock Thursday evening. The ceremony was performed by Rev. S. H. Kuntz, pastor of the Franklin Christian church, at his home in Franklin, and was witnessed by Mr. and Mrs. Lester Gray of Alexander and Lester Henderson of Franklin. News of the marriage will come as a surprise to the many friends of the young people, who slipped quietly away and were married without announcing their intentions to anyone.

The bride is the daughter of Mr. and Mrs. Harry Yeck of Concord and has spent all her life in that community. She graduated from the local high school and for the past two years has been a teacher in the Concord schools. She is a member of the Methodist church at Concord and has been active in church affairs.

Mr. Gray is a son of Mr. and Mrs. J. E. Gray living five miles northeast of Franklin. He has for the past several years been occupied in farming, part of the time in the vicinity of Concord. Both Mr. and Mrs. Gray are well and favorably known in their home communities, and have the hearty good wishes of their friends at this time.

GROWING INTEREST AT NORTHMINSTER CHURCH

Gratifying Attendance at Thursday Night Meeting—Rev. T. H. Tull of Grace M. E. Church the Speaker.

There is a growing interest in the special revival series now in progress at Northminster church, and the attendance Thursday evening was gratifying. A special song service preceded the sermon, led by J. Wade Seniff, who also sang a solo, "Sweet Peace." Rev. Mr. Spooner announced that a surprise is in store for those who attend the service tonight, and it is hoped that a large audience will be there.

Rev. T. H. Tull, pastor of Grace M. E. church, was the speaker Thursday night. The foundation of the sermon was the story Jesus told about the talents, and the speaker emphasized the thought that all must give an account of the talents which they possess, and that therefore the right use of these talents is of utmost importance.

The minister said: "The wise use of God's gifts always brings success. You use God's soil, seed, rain and sunshine and you will make a success as a farmer; use God's schools and institutions and you will make a success as a scholar. The same rule applies to all the affairs of life. Use God's book, His providence and opportunities and you will make a success as a Christian."

WELL KNOWN CASS COUNTY PEOPLE WED

Miss Anne Britton Is Bride of Charles W. Conover—Now On Southern Trip.

The St. Louis Globe-Democrat yesterday made mention of the marriage of Charles W. Conover of Ashland to Miss Anne Britton also of Ashland. The ceremony was performed Wednesday night at the home of Dr. C. A. White, 1128 South Kings Highway. The officiating clergyman was Rev. Fred Burkett pastor of the Kings Highway Christian church. Mr. and Mrs. Conover are now on a southern wedding journey and will spend some time in New Orleans.

Mr. Conover is one of the long time residents of Cass county, known as a substantial farmer and business man. Mrs. Conover has been a school teacher.

Mr. and Mrs. W. T. Hedenburg, of ersailles, were Thursday guests at the home of Mr. and Mrs. L. E. Deppe on South Diamond street.

CANDIDATES GIVEN RANK OF KNIGHT

BYRON ARMSTRONG BUYS STORE BUILDING

Purchases From Felix E. Farrell Property He Has Occupied for Series of Years.

A deed was placed on record yesterday showing the purchase by Byron Armstrong from Felix E. Farrell of the building at the southwest corner of the square, which for a number of years has been the home of the Armstrong drug store. Mr. Armstrong established the store about seventeen years ago and the business has grown in a satisfactory way from year to year. As Mr. Armstrong desired some changes in the building he recently decided upon the purchase and came to an agreement with Mr. Farrell.

The building was erected about 1868 when the property was acquired for the First National bank. Then in 1898 it was transferred to F. G. Farrell for the use of the private bank of F. G. Farrell & Co. In 1902 on the death of F. G. Farrell the building was purchased by F. E. Farrell and E. E. Crabtree. About two years ago some extensive changes were made in the building, the improvements at that time costing about \$4,000. The structure is practically fireproof a large amount of steel and concrete being used in its construction.

In the early years of the building the upper stories were utilized by W. B. Sanders, owner of the conservatory adjoining it. Prof. Sanders' offices were in this building and they commanded a view of both the Athenaeum which was located a short distance to the south, and the conservatory building adjoining.

As indicated above, the business of the Armstrong Drug Co. has been developed here satisfactorily, resulting in the establishment of an East State street store several years ago and now in the purchase of this very desirable property.

L. A. Barr of Virginia was a business visitor in the city Thursday.

HENRY OAKES IS CALLED BY DEATH AT BLUFFS HOME

Prominent Scott County Banker and Business Man Died Thursday Morning. Funeral to be Held Tomorrow.

Bluffs, Dec. 30.—Henry Oakes, one of the most prominent residents of Bluffs, died at his home here at 2:40 o'clock this morning. Death came after a month's illness. A change for the worse in Mr. Oakes' condition was noted last Sunday, when he became unconscious. During the three remaining days of his life he never regained consciousness.

Mr. Oakes has been in failing health for the past four years, but until a month ago he was not confined to his bed.

He was educated in the neighborhood where he lived, and on Sept. 28, 1870, was married to Miss Emmeline Richardson, who lived at Point, near Jacksonville. To this union three children were born Henry Oakes, Jr. ("Harry"), Mrs. Estelle Castle and Royal Oakes. Harry's tragic and sudden death from lightning two and one half years ago was a shock from which Mr. Oakes never rallied. Altho calm and quiet this grief could not be laid aside and it was about this time that he began to decline in health.

In 1886 Mrs. Oakes passed to the life beyond, leaving behind the faithful and devoted husband and the three small children. On Dec. 28, 1887, he was united in marriage to Miss Emma Thompson of Bluffs. Two children were born to this union: Mrs. Emeline Robertson, Virginia, and Helen who is a student at the Woman's College in Jacksonville.

In the spring of 1871 Mr. Oakes laid out the town of Bluffs and later platted an addition in the original tract. In 1881, in company with his brother, Charles Oakes, he embarked in the grain business, under the firm name of H. and C. Oakes, with a branch establishment at Riggsport, a business which they managed for a number of years. Aside from the business he was a farmer and stock feeder and has been more than successful and has extensive investments in Scott, Morgan and other counties. Mr. Oakes was one of the true citizens who could be depended upon at all times to stand by the town of his creation.

Deceased was not a member of any church or organization but gave regularly and liberally toward the support and upkeep of the Methodist Protestant church, the church he loved and attended when his health permitted him to do so. Besides his faithful and dutiful wife he is survived by four children: Estelle Castle, Royal Oakes, Emmeline Robertson and Helen Oakes; four grandchildren, Leroy and Clarence Castle, Harold and Henry Warren Oakes. Also two great-grand children, Oakley and Vincent Castle. One brother Royal Oakes preceded him in death. One brother, Charles Oakes, president of the Bank of Bluffs, survives.

Funeral services will be held from the residence at 2 o'clock Saturday afternoon and will be conducted by Rev. E. J. Rees, pastor of the M. P. church here.

CONCERT PROGRAM AT WINCHESTER CHURCH

Third Number in Lecture Course Given at Baptist Church Thursday Evening—Other Items of Interest From Winchester.

Winchester, Dec. 30.—The third number in the lecture course was given at the Baptist church Thursday night. The Porters from New York were the attraction and they were greeted by a large audience. These musicians have talent of a high order and they found their audience last night a most appreciative one.

Mr. and Mrs. Paul Nelson have returned to their home in Chicago after a short visit here with the former's parents, Mr. and Mrs. P. R. Nelson, and other relatives.

Mr. and Mrs. Ray Fortenback and son Bobby of Canton are guests of her parents, Mr. and Mrs. Charles Townsend during the holidays.

PUBLIC SALES

LAST YEAR—Any one could "cry a sale;" it was no effort to sell anything a person might wish to dispose of—

THIS YEAR—It's different, that's all; people are not buying as readily; they must be convinced by sound argument that an article offered possesses intrinsic value "worth the money."

YOUR SALE—To succeed must be "cried" by an experienced salesman, one who knows values, one who can present those values to the crowd in a convincing and assuring manner, one who knows sale crowds—

To Our Customers and Friends

We wish to take this opportunity to thank you for the courtesies extended during the past year and to assure you that our appreciation is heartfelt.

We have just passed from one of the busiest and most insane eras in the history of the world and what could be better than to have this Christmas start us off on the sane way of living as we did in the good old time previous to the war. Everything is now drifting toward a normal basis and in just a short time we will be doing business as we did before, when contentment will reign with the manufacturer, buyer, seller and consumer. The period of restlessness is drawing to a close.

FAMINE-STICKEN CHINA'S CALL FOR HELP

Between 40,000,000 and 50,000,000 of the Chinese in five provinces are threatened by famine. Our missionaries in China and our consular representatives have been united in submitting the cause of China to the sympathy of the American people, whose friendship for China in the past has caused that nation to appeal to us for aid in the present emergency. President Wilson has personally written, expressing his cordial approval of the Christian Herald Famine Fund and the work it has undertaken, and our State Department has kindly consented to transmit the funds.

This is the greatest benevolent enterprise, dealing with a single nation, which has occurred in the world's history. We submit it to the generous consideration of the noble-hearted American people, who have never failed to the call of human suffering. Send in your contributions as quickly as possible to the Christian Herald Famine Fund, Bible House, New York. Every contribution will be acknowledged.

MISS STELLA M'CURLEY IS DECEMBER BRIDE

Woodson Young Woman is Bride of Samuel Dana Dean of Murrayville — Ceremony Took Place at Home of Bride's Parents Near Woodson Wednesday Evening.

A very pretty home wedding was solemnized Wednesday evening at 6 o'clock at the home of Mr. and Mrs. William E. McCurley near Woodson, when their daughter, Miss Stella Louella, became the bride of Samuel Dana Dean. The ceremony was performed by Dr. G. W. Miller, assisted by Rev. I. H. Fuller, pastor of the Woodson Christian church. The wedding march was played by the bride's sister, Mrs. Mabel Blimling.

The bride and groom entered the parlor as the wedding music sounded, and stood beneath a beautifully decorated arch from which was suspended a wedding bell and two white horseshoes. The parlor was tastefully decorated, a color scheme of green and white being carried out.

The bride was attired in white satin with pearl trimmings and carried a large bouquet of white roses. The ribbon bearers, Lennie Louise McCurley and Marjorie Eloise Blimling, nieces of the bride, were dressed in white silk gowns with pearl trimmings. The bridesmaid was Mrs. Amos McCurley and the ring and Mrs. Louella Henry the darning needle.

Following the ceremony an elaborate wedding supper was served to relatives and intimate friends of the bride and groom. The cutting of the bride's cake was an interesting event. Amos McCurley receiving the dime, Myra Dean the thimble, William David McCurley the penny, Mrs. Charles Dean the ring and Mrs. Louella Henry the darning needle.

The young people were the recipients of a large number of gifts, attesting the esteem in which they are held by their friends.

The bride is the younger daughter of Mr. and Mrs. W. E. McCurley. She is a graduate of Murrayville high school and for several years has been a successful teacher in the schools of the county. She is a member of the Woodson Christian church and is very popular in her home community.

Mr. Dean is the son of Mrs. Susan Dean of Murrayville and is a young man who is highly regarded by all who know him. He has for some years been engaged in farming operations, in which he has been very successful.

After March 1 Mr. and Mrs. Dean will be at home on the old McCurley farm east of Woodson. They begin their wedded life under most happy auspices.

Among those present at the wedding were: Rev. and Mrs. I. H. Fuller, Dr. G. W. Miller, Mrs. Sarah McFall, Mr. and Mrs. Charles Dean and family, Mr. and Albert Dean and family, Mrs. Susan Dean, Mr. and Mrs. Jesse Dean and family, Mr. and Mrs. R. V. Blimling and family; Mr. and Mrs. Amos McCurley and family, Mr. and Mrs. Frank McCurley and family, Mrs. Louella Henry.

Social Events

Entertained Camp Fire
Members of the Walcott Camp Fire Girls were entertained Thursday afternoon by Miss Rachel Hall at her home in South Jacksonville. The program of games was greatly enjoyed and the refreshments served added to the pleasure of the occasion.

Miss Dortha Sargent Entertained for Guests.
Miss Dortha Sargent entertained at her home in Franklin, Thursday evening a number of young folks in honor of Miss Alice Ross of Jacksonville and Miss Addie Ross of Elgin, Ill. The time was spent in games and music, after which delicious refreshments were served.

Gave Party for Andrew Russell, Jr.
Mr. and Mrs. Andrew Russell entertained at their home, 1109 Mound avenue, Thursday night in honor of their son, Andrew Russell, Jr., who is a student at St. John's Military academy, Delafield, Wis. The home was very prettily decorated in a way to suggest the holiday season. The young people enjoyed an informal dance and program. An excellent supper was served.

Hustlers Gave Jumble Party
Members of the Hustlers class of Westminster church Sunday school taught by Mrs. J. T. Gunn, gave a party Thursday night at the home of Billy Walton, who is one of the class. Members of Miss Eleanor Moore's class in the Sunday school were present as guests. It was a jumble party as the program of games and amusements was quite varied. Refreshments were in keeping with such an occasion.

Party for Sunday School Class
The boys in Mr. George Douglas' Sunday school class at Christian church, went hunting Wednesday and brought back a fine bunch of rabbits. Last evening Mrs. George A. Crist, Mrs. Mae Hitt and Miss Marie Finney prepared a fine rabbit supper for the boys and they had a jolly party eating the spoils of their day's trip and enjoying a social hour afterward.

Gave Holiday Dance
One of the most delightful social functions of the season was given last evening when Mr. and Mrs. Clarence Lukeman entertained at a dance given at the Colonial Inn. Holiday greens artistically decorated the Inn and Dunlap's orchestra furnished the music for the evening. A distinctive feature of the evening was a solo dance, very artistically given by Miss Catherine Baum, sister of Mrs. Lukeman. Novel favor dances also added variety to the charm of the event. A delicious supper was served during the evening.

Baptist S. S. Teachers Are Entertained
The teachers in the beginners department of the First Baptist Sunday school were very pleasantly entertained Thursday afternoon from 2 to 5 o'clock at the home of the superintendent, Mrs. Gertrude Richardson. The hostess was assisted by Miss Marie Mayer, who is the assistant superintendent of the department. Games and contests were features of the afternoon, and some time was devoted to discussing plans for work for the coming year in the beginners department. Refreshments of a suitable kind were served by the hostess.

The young women present were Misses Irene Smith, Ruth Easton, Eleanor Ludwig, Helen Baird, Edith Stewart and Marie Mayer.

Party at Franklin Home Thursday Evening
Mr. and Mrs. Scott Tranbarger entertained a company of young people Thursday evening at their home in Franklin. The guest list included the members of the cast of "Cranberry Corners," the play given recently by the young people of the Franklin Christian church. The evening hours were most pleasantly spent, rook and other games furnishing the amusement. Delicious refreshments were served by the hostess before the hour for parting came.

The company included Misses Lou Duncan, Lillian Gruber of Jacksonville, Misses Watson, Irene Austin, Blanche Harney, Grace Hill, Eunice Armstrong, Helen Massey, Martha Tranbarger, Lillian Tranbarger, Grace Armstrong, Mrs. Henderson, Messrs. Richard Whalen, Charles Echols, Porter Armstrong, Russell Wynn, Cecil Doyle, Jerome Ryan, Frank Hocking.

WITH THE SICK
Mrs. Thomas Armstrong is confined to her home, 730 South West street by an attack of grippe.

Mary E. Hobbs of 356 East Lafayette avenue who has been quite ill is reported as improving.

Regular business meeting
Union Baptist church Saturday night, Jan. 1st. Members urged to attend. Lurch served.

MATRIMONIAL

Manchester, Dec. 30.—Miss Carrie Curtis of this place and Mr. William J. Henderson of Roodhouse were united in marriage at Jerseyville, Monday, Dec. 27. The bride is the daughter of Mrs. Ella Curtis and has spent her entire life in this community, with the exception of the past few years, when she held a position at the school for the blind in Jacksonville. She is highly esteemed and respected by a large circle of friends and acquaintances.

The groom is the son of Mr. and Mrs. V. Henderson, residing near Roodhouse, and is an enterprising farmer.

After a brief wedding trip to St. Louis, Mo., and Mrs. Henderson will establish their home on a farm near Roodhouse.

MISS CARRIE CURTIS WEDS W. J. HENDERSON
Young Woman Employed at School for Blind United in Marriage to William J. Henderson of Roodhouse.

Yates-Porter.
Oscar Yates and Miss Cecie May Porter, both of this city, were united in marriage at five o'clock Thursday afternoon, the ceremony being performed by Justice C. O. Bayha at his office on West State street. The witnesses to the ceremony were Mrs. Eugene Trumbo and Miss Ida Weir. The groom is a laborer by occupation and he and his bride will make their home in this city.

Be with your friends New Year's Eve at K. C. Hall.

NEW YEAR'S GIFT TO WOMAN'S COLLEGE
President Barker Receives Check for \$2,500 From Friend in East.

That was a fine New Year's present that came to Illinois Woman's College in Thursday afternoon's mail, a check for \$2,500. This gift from a friend of the college in the east was accompanied by a letter to Dr. Barker expressing earnest friendship for the college and belief in the future of the institution.

It is gifts of this kind—such evidences of faith—that help keep up the courage of college presidents and aid them in the forward march.

MISS BANCROFT TO BE FEBRUARY BRIDE
Engagement to Harold E. Swain Announced at Delightful Party Given by Mrs. H. H. Bancroft Thursday Afternoon.

At a charming afternoon affair given yesterday by Mrs. H. H. Bancroft at her home on Westminster street, the engagement of Miss Lora Bancroft to Mr. Harold E. Swain was announced. About twenty-five of Miss Bancroft's most intimate friends were present and although the engagement of the young people had been informally known for some time most of those present were unprepared for the announcement.

Strings of small red hearts used as decorations set the guests to wondering if Dan Cupid had not been at work and when the refreshments were served and each guest found a miniature envelope perched on her ice cream it was felt that surely the secret would be found inside. However, the envelope bore only a little card with a verse and it was not until small white cakes were passed bearing in red letters the inscription, L. B. and H. S., February 1921, that the secret was out.

Miss Bancroft is the popular daughter of Mr. and Mrs. W. A. Bancroft of Prospect street, a graduate of the Jacksonville High school and a former student of Illinois College where she was a member of Gamma Delta society.

Mr. Swain is the son of Mr. and Mrs. J. C. Swain of Sinclair, a graduate of Illinois College, where he was a member of Sigma Pi. Mr. Swain is an ex-service man having served in the U. S. navy during the war. Both young people are well known and popular in the younger set and their approaching marriage will be an important event of the coming year.

NOTICE
On and after January 1 my store will be run on a strictly cash basis. All accounts are now due.
CHARLES CURTIS.

PROTECTION OF COURT HOUSE PROPERTY
As already noted, the county commissioners have recently increased the amount of insurance carried on the court house to \$90,000. The amount previously carried was \$69,000. The commissioners decided upon reviewing the situation that the addition of \$21,000 insurance would be wise in view of the much higher cost of materials and labor now by comparison with the values when the insurance was originally placed. They had the feeling also that as the county is now considerably behind in its current funds, that it was not a good time to take chances on any heavy fire loss.

HELPFUL SUGGESTIONS FROM COUNTY ADVISERS

Farmers stick together! "The first car of livestock shipped by the Vienna Livestock Shipping association was shipped this week. All the shippers were pleased with the results. The local stock buyers were present, as they were when the Elvira Livestock Shipping Association loaded its first shipment about six months ago, trying to buy the livestock as it came in and thereby break the organization, but the farmers all stuck to the association."—McGhee, Johnson Co.

Co-operate in Placing Corn With Feeders. "We have been trying to co-operate with the Clinton farm bureau, as they wish to buy corn and we have some to sell. I have advised that they send a man over here about Jan. 1, as by that time our growers will be thru husking and in a position to load cars. There is a minimum freight rate since both farm bureaus are on the B. & O. railroad."—Wheeler, Lawrence Co.

"Held a field demonstration on corn disease plot on E. C. Paris' farm Nov. 13. The effect of Limestone on the corn yield was easily discernible in the difference in size of piles of corn raised on limestone treated soil and receiving no treatment."—Smith, Macou county.

"At annual meeting of Griggsville, Perry Limestone Co-operative association held at Griggsville, Dec. 9. Adviser Kercher recommended that contract be let by company to an experienced man to get out 2000 cubic yards of limestone ready for crusher. Also that crusher be secured with capacity of six to eight tons per hour. Plans were considered for storing several thousand tons of limestone. The plant at Detroit is working satisfactorily and the Griggsville, Perry county, will have the benefit of the experience of the Detroit plant."—Vaniman.

Chinch Bugs in Greater Number This Year. "Mr. Chandler found in one bunch of broom sedge grass over 1000 chinch bugs, in a spot where he found only 50 last year. That seems to be a fair comparison of the numbers present this year over last year. Old settlers here say they have never seen so many chinch-bugs."—Dewert, Franklin county.

ANNOUNCEMENT

I am now prepared with machinery to do all kinds of blacksmithing, woodwork and shoeing at reasonable prices, at Arnold, Illinois. J. E. McGuire.

Farm Bureau Notes

Critical Seed Corn Situation.

Our farmers realize that good seed corn will be scarce next spring. L. A. Reed thinks that some arrangements ought to be made for the farm bureau to get control of some of the good cribs of old corn yet in the county for the purpose of supplying the farmers with dependable seed next spring. Good seed is decidedly scarce in the present crop.

Sale of Seed Corn.

Seed corn sold or offered for sale in lots exceeding 10 pounds requires according to law a special label or tag. This label should show the full name and address of the seller, the common or accepted name of the variety, the name of the county in the state where it was grown. The farm bureau aims to keep a supply of labels that conform to this law.

Morgan County at Galesburg Sale.

The State Duroc Breeders' association is arranging an unusual sale at Galesburg on January 4. Fifty of the best herds in the state have been visited and a bred sow selected from each herd for this sale. L. A. Reed herd of this county is among the first fifty and will be represented by a choice individual. The fact that Mr. Reed herd is included among the fifty best herds in the state reflects credit not only upon Mr. Reed, but upon the entire county.

Waverly Plans Community Meeting.

As previously announced community meeting for farm bureau members will be held in every large community center during January and February for the purpose of developing a program of work and learning just what service members wish to get from the farm bureau. J. A. Brown, township chairman of 13-8 have arranged for a big meeting on the afternoon of January 5th. This meeting will be held in the Waverly opera house.

Special Farm Bureau Committees.

At a special meeting of the farm bureau from C. S. Black appointed O. A. Rohrer, C. H. Gibbs, H. E. Kitner and C. R. Gibson a special committee to arrange for a county agent for the year 1921 and L. A. Reed, W. H. Crum, C. L. Hawker and J. W. Arnold a special committee to procure an assistant.

Livestock Survey.

Blank reports for a livestock survey have just been mailed from the farm bureau office to 250 representative Morgan County Farmers asking them to furnish information concerning the number and quality of livestock on the farms at present, so that the livestock marketing department may work intelligently on a plan for stabilizing prices. Four such reports will be called for this year. We expect to have these reports in by January 8th.

Good Faith

We like people whom we can trust. We are more apt to do business with people whom we know are kindly and trustworthy than with strangers. Sometimes, however, we meet strangers who are very worthy and, after we know them, we trust them and get a great deal of pleasure from their association. A firm is like an individual. We go to a new shop with a good deal of misgiving. If the shop makes good we go back again and again. This is a secret of the success of our policy of always keeping our customers. We give you what you wish, practically in every instance on your own terms, and we deal with you in a personal way that appeals to honest, thrifty people. In addition to this we carry for you only the best. The Peoples is setting a standard in this city.

TRACTOR

Overhauling

We are now equipped to rebuild a tractor motor, any make or size.

These heavy duty motors to give results this spring must be reground and fitted with oversize pistons.

Consult us first; do not let otherwise valuable machinery go into the discard.

If motor does not have power, runs hot, consumes too much gas or kerosene, and thins the oil, these symptoms indicate loose rings and worn cylinders.

Speaking of oil, there is only one sure and safe oil to use—that's Mobile.

Ask the man who has tried all kinds.

We have a car load on hand, in all grades and size of containers. You save money to buy now.

ITEMS OF INTEREST FROM GREENFIELD

Various Festivities Marked Holiday Season — Mrs. Lella Burnett Leaves for Pasadena, Cal. — Other Greenfield News.

Greenfield, Dec. 30.—Mr. and Mrs. George Coates are the proud parents of a son, second child born last Tuesday.

The pupils of Pleasant Hill school east of town gave a splendid Christmas program Friday afternoon which showed the capable work of their teacher, Mrs. Donald Piper. A Christmas tree and Santa Claus were very much enjoyed by those present.

Lutten Tuckey acted as Santa Claus. Mrs. Helen Ford and children went to Lynnville Friday to spend the Christmas holidays with her father, Frank Masters and family.

The grade pupils gave an entertainment at the opera house last week entitled Christmas with the Old Woman in the Shoe. They realized about \$100 to pay on their piano fund.

Greenfield has a community Christmas tree in the park this year. It is beautifully decorated and it is lighted each evening this week with electricity. It was used in connection with the Christmas program given by the grade pupils part of which was given in the opera house.

The three Protestant churches held a union Christmas program at the M. E. church Christmas evening.

The Christmas music was led by Rev. Miss Goodsell of the Baptist church.

Song—Presbyterian choir.

Prayer—Rev. N. L. New.

Piano—Solo—Dale B. Haven.

Christmas Talks—Rev. J. R. Armstrong, M. E. pastor and Rev. N. L. New, Presbyterian.

Piano Solo—Helen Hill.

Dialogue—Iren Hill.

Reading—Loren Smith.

Violin Solo—Berlice Holm-

back.

Vocal Trio—Mrs. Harlan Edwards, Mrs. J. R. Stickle and Miss Esther Henderson.

The M. E. Sunday school gave a Christmas program and pageant Sunday evening, entitled "The World's Christmas Fireplace," for the benefit of the women and children of Europe.

Mr. and Mrs. J. B. Jones of Kansas City, Mo., are spending the holidays with her parents, Mr. and Mrs. Charles Smith.

Mr. and Mrs. St. Melvin are enjoying a visit from Mrs. Inez Melvin and two children of Eugene, Ore.

Mr. and Mrs. Ray Morrow of Aledo, Ill., and Mrs. Hazel Over-

stake of Denver, Colo., are visiting at the home of their grandparents, Mr. and Mrs. A. J. Story.

Dale B. Haven of Charleston, Mo., is spending the Christmas vacation with home folks.

Mrs. Lella Burnett left last Sunday for Pasadena, Calif., where she expects to spend the winter with her aunt, Mrs. Doll Metcalf.

Mrs. Georgia Haven went to Medora last Monday to visit relatives and to celebrate her 80th birthday on Christmas day. Shortly after her arrival she

took sick and at last report she still remains critically ill.

William Rafferty and family spent Christmas at the home of Mrs. Rafferty's grandmother near Fayette, where a family dinner was enjoyed.

Mr. and Mrs. Lurien Tucker spent Christmas with the latter's parents, Mr. and Mrs. William Wiswell of Greenfield.

TREAT ALL COLDS WITH TURPO

Don't trifle with a cold. Every winter millions of cases of serious illness result from neglected colds. Gripe influenza pneumonia catarrh and other troubles have their origin in colds.

At the first sign of a cold—a sneeze nature's danger signal—apply Turpo. Turpo is first-aid to every cold trouble. It is a combination of the old reliable remedies distilled Turpentine Camphor and Menthol in a clear mineral base. It carries the medication right through the skin to the root of the trouble. Turpo gives immediate relief removing the cause of the trouble without blistering the skin or staining the clothing.

Every doctor uses the ingredients of Turpo in his practice. Your doctor will confirm that it is a safe, dependable home remedy. Every druggist knows the value of Turpo and sells it on a guarantee of money back if not satisfactory.

Mothers with small children find Turpo especially valuable. Many will not be without a jar of Turpo in the house.

Sold in white opal jars with the orange and black label, at 30c and 60c.

MOON

MODERN MOTOR CARS

Speeding down the broad highway or drawn up to the curb in the conspicuous light of the theatre entrance the Moon Sedan reflects your idea of what a custom built car should be. Since Joseph W. Moon out of a wealth of experience as a manufacturer of fine carriages, built the first Moon fourteen years ago, Moon design and coach work have set standard for motordom.

The Moon Sedan is a companion of luxury that fits into everyday use during all seasons.

There are the wide windows that close snugly and open easily, a foot operated heater gives fireside comfort on cold days. When warm rains or summer dust require closed protection a ventilator adjustable from the inside keeps the interior cool with an abundance of fresh air.

Owners know these claims are true

The Stewart One-Ton Speed Truck has made good—100% good. Now owners know that what we said last January is so. It has quickly won its way to the front—the Stewart leader, and a profit-maker for owners. Business men and farmers favor it; buy it, work it hard, and praise it for its performance. For this One-Ton Speed Truck it fast, sturdy and flexible; built light for speed and built strong for hard hauling; its first cost is low, and it keeps right on saving on tires, repairs, gasoline and oil. It is furnished with electric starter, electric lights, magneto ignition and five-inch cord tires.

Stewart Capacities:
3 1/2, 1 1/2, 2, 2 1/2 and 3 1/2 ton

FREIGHT TRAFFIC HAS DECLINED BUT STILL LARGE

The Railway Age points out in its current issue that while there has been a decline in freight traffic since October, and the consequent development of a surplus of cars, the total amount of freight being handled continued down to the last week for which information is available to be larger than in any former year. "The fact," the Railway Age says, "that in spite of the general decline in business activity which has occurred within recent months the railways are still moving more tonnage than ever before at the same time of year probably has a significance of much importance. It undoubtedly means that the producing and consuming capacity of the country has increased so much within recent years that no decline in business activity ever again will carry the total freight business of the railways down anywhere near as low as it used to go. By the same token, a revival of business activity will result in giving the railways a much larger freight traffic to handle than they ever had before. This is a strong argument for shippers to 'Shop Now' while railways have surplus capacity, for it must mean that when business activity again revives the difficulty of getting sufficient transportation will return."

"The number of cars of freight loaded in the four weeks ending on December 11, the latest period for which figures are available, was 3,355,200. This shows a decline, as compared with the four weeks ending October 23, when the highest record was made, of 617,087 carloads. With this reflects a sharp decline in traffic, the figures for the four weeks ending December 11, 1920, compare very favorably with those for the corresponding weeks of 1918, when the largest record for the same weeks of any previous year was made. In these weeks of 1918 the number of cars loaded was 3,251,011, or 134,249 less than in the same weeks of this year. Since the average load per car being handled is larger than it was in 1918, the total tonnage being handled is substantially larger. The traffic whose movement is chiefly causing the total loadings to hold up so well in spite of the recent decline in general business activity is the coal traffic, which is still

being handled in record breaking volume."

LARGER ORCHESTRA FOR GRACE CHURCH S. S.

Grace church Sunday school is reorganizing its orchestra for the coming year under the leadership of John Kearns. The leader would like to hear from amateurs who are able to play medium class music and who want some orchestra practice. It is Director Kearns' plan to give half hour concerts each Sunday before the opening of the school. It is his idea also to get his organization under such training that a concert or other entertainment can be given in the spring. Thomas V. Hopper is the superintendent of Grace church Sunday school and a great deal of interest is shown in the organized work which is in progress there. All departments are growing and the Sunday school is filling a very large place in the work of the whole church.

A New Year Announcement

THE creation of one Company to handle the Bell telephone service of the entire State of Illinois, for many years the plan and hope of the Bell managers, is now accomplished, and the Illinois Bell Telephone Company henceforth will supply the service in place of the Chicago Telephone Company and the Central Union Telephone Company.

The newcomer is the Chicago Telephone Company with a new name; officered by the same men who for many years in the Chicago and Central Union Companies have devoted themselves to the development and operation of this great public service in the State.

B. E. Sunny, for twelve years President of the Chicago Company, continues in that office. Edgar S. Bloom, for seven years at the head of the Central Union Company, becomes a Vice-President, and W. R. Abbott, for many years General Manager of the Chicago Company, becomes Vice-President and General Manager.

The change in the name from "Chicago Telephone" and "Central Union" to "Illinois Bell" will be a source of regret to many Illinois men and women of two generations. While it is now a commonplace adjunct to the daily business and domestic routine, the telephone, in its uncanny effectiveness in extending the human voice, has not entirely lost the appeal to our wonder and amazement. Illinois people will pleasantly remember the names of the two companies that were so closely associated with forty years of development and service of Bell's remarkable invention.

The mammoth proportions of the Illinois Bell are best illustrated with a few figures:

It has 810,000 telephones. There are 340 other telephone companies in the State having 340,000 telephones. The Illinois Bell connects with these companies, making a total of 1,150,000 telephones in the State system.

It has 2,300,000 miles of wire.

It employs 20,000 men and women.

The Illinois Bell begins its career with the New Year and, in extending its greetings to its subscribers, expresses the hope that through the character of the service it will supply, it will always have their friendship and confidence.

FILTER PLANT FACTS HEARD BY ROTARIANS

H. L. Caldwell Gave Interesting Address About Methods Used to Make Filtration Plant Effective.

At the Rotary club luncheon yesterday at the Pacific hotel H. L. Caldwell gave a very interesting explanation of Jacksonville's filtration plant, which will be in operation in the course of the next few months. Mr. Caldwell explained that it is likely that water will be going thru the plant in the course of two weeks but that the supply will not be available for drinking purposes until a later date, as it will be necessary to clean out the reservoir and wash all the mains before the supply is pure and this cannot be done at this season of the year.

President Pontius introduced the guests of the day, who were Charles Franz of Edina, Mo., and James Tober formerly of Medora and now a resident of this city, who was the guest of Earl Spink.

Vincent Riley was officially designated as a delegate of the Rotary club to the meeting of International Rotary in Edinburgh, Scotland, next summer. Mr. Riley made it plain to the club that he was going to this gathering at his own expense. Several of the club members related experiences with Christmas baskets and H. M. Capps and his associates on the Good Fellowship committee were given a vote of thanks for the care taken in arranging the Good Fellow plan.

Henry Frisch made the pertinent suggestion that the Good Fellowship movement should not cease with the end of the holidays but that each member of the club should make it his pleasure to keep in touch during succeeding months with the family assigned to him for the Christmas observance.

Informal reports from the committee appointed to proffer co-operation to the county board with any plan worked out with reference to the county home were made by F. J. Heintz, Judge Samuel and Vincent Riley.

These men indicated that the county commissioners have definite plans in mind for lessening county expenses in connection with the home, and in fact for a

definite and practical system in caring for indigent persons who may be counted as county wards.

Tells of Filtration Plant.
Mr. Caldwell in talking about the filtration plant, explained that the water goes first from the reservoir into the aerating and mixing basin. It passes thru a white pine pipe into this basin which is about 35 feet in general dimensions. Aeration is necessary only during part of the year—that is, the warmer months. From the aerating basin the water flows on into the coagulating basin, which has a capacity of 125,000 gallons and is 35 by 57 feet in its dimensions. This basin is emptied about each two hours. There the water is treated with alum which collects the foreign matter.

The water passes out of the top of the coagulating basin thru a weir where other impurities are automatically skimmed off. Thence the water passes into a pipe gallery and is fed into the filter proper, which is 14.5 feet by 12 feet by 6 feet in dimensions. There the water passes thru gravel and sand on its way to the filter tube, and thence passes thru the strainer system into the clear well, which has a capacity of 70,000 gallons. It is necessary to wash sand and gravel of a filter at least once in every 24 hours, and this is done by turning the water from the mains for a period of about twenty minutes. The arrangement is such that the pressure from the water will force any accumulated matter into the sewer outlet and will cleanse the sand and gravel.

In the Pump Pit
From the clear well the water goes to the pump pit which is 20 feet below ground level and there it is mixed with chlorine of amount necessary to kill any germs contained in the water.

The filter contemplates a million and a half gallons as the daily consumption of Jacksonville. The size can be increased without great expense if desired. The filtration plant represents an expenditure of \$66,000, the power plant \$45,000, the stack \$6,200.

Dr. Harker, referring to the figures quoted by Mr. Caldwell, said that the total expenditure for the whole water project would be a little more than \$300,000, and he said that the citizens of Jacksonville had certainly made a fine investment.

Dr. and Mrs. H. C. Woltman entertained Friday evening at a charming six o'clock dinner, the last pre-nuptial affair in honor of Miss Dorothy Rogerson and Edward Tomlinson. Covers were laid at small tables for twenty guests and a delicious four course dinner was served. On each table was a gold crescent pin in pearl setting, the gift of Miss Rogerson to her bridesmaids, and gold cuff links, presented by Mr. Tomlinson to the groomsmen. After dinner the wedding party went to the Illinois College chapel to rehearse the wedding ceremony.

Coterie Club Met

With Mr. and Mrs. Cowdin. The Coterie club held its regular annual open meeting at the home of Mr. and Mrs. C. H. Cowdin at Joy Prairie Friday. Sixty-five members and guests enjoyed a delicious dinner at the noon hour. Much credit is due to the committee in charge, Mrs. Harry Onken, Mrs. William Zahn, Mrs. C. H. Cowdin. Miss Esther Dietrick arranged a program consisting of games which was greatly enjoyed by all. The house was prettily decorated in a way so as to suggest the holiday season. After the social hour the company departed, taking with them happy thought and appreciations tendered them.

DR. NORBURY RESIGNS FROM STATE POST

Leaves Work as President of Welfare Commissioners In Order to Devote More Time to Private Affairs.

Governor Lowden has accepted the resignation of Dr. Frank P. Norbury, effective December 31, as president of the board of welfare commissioners. Doctor Norbury was appointed as a member of the board four years ago and elected president, while absent from the city and engaged in war work at New York.

Doctor Norbury retired from active participation in welfare work after nearly thirty years of service in various capacities. He was among the first to advocate improved conditions for the feeble-minded, having delivered an address before the Peoria Scientific society nearly twenty-five years ago.

Doctor Norbury was a member of the general committee which outlined the plans for the development and operation of the board of administration, put in effect during the administration of Governor Deneen. At the invitation of Governor Deneen he became superintendent of Kankakee State hospital and later a member of the board of administration, retiring in 1913 to again make up private practice. Doctor Norbury has been interested in the social welfare aspects of mental medicine ever since he entered practice thirty-three years ago. He has served as president, secretary and chairman of the executive committee of the Illinois state conference of charities and corrections.

He is at present vice president and director of the Illinois Society for Mental Hygiene; also a member of the national committee for mental hygiene. During the period of the war he was acting director of this committee, with headquarters at New York City.

He has helped to organize three state societies for mental hygiene in the Mississippi valley, viz: Iowa, Tennessee and Mississippi, and has spoken either clinically or on the social aspects of mental medicine or organized or directed surveys in every state in the Union east of the Rocky mountains except the Dakotas, New Hampshire, Vermont and West Virginia.

In Illinois he has delivered ad-

THE FAMINE IN NORTH CHINA

Paoingfu, Nov. 25th, 1920.

Dear Friends:

We know that you and many other people are keenly interested in the famine conditions which prevail in this great field, to the south, east and west of Paoingfu, and extending on down thru southern Chihli, much of Shansi, Shantung and Honan provinces. It is estimated that more than 20,000,000 are seriously affected.

We have been overwhelmed with work and plans—trying to cope with the situation. The situation is very depressing as well as perplexing. "The poor we've always had with us in our 30 years in China, but such wholesale and distressing poverty I have never seen.

Many tens of thousands have left their homes and gone to the North where the crops are good, but where they have no proper means of subsistence, are poorly clad and have little bedding—now on the approach of the long bitter winter of North China. You may not be surprised at the statement we heard a few days ago, that a thousand of these poor refugees had frozen death in Kalgan, and we are still in November.

Early in September the Red Cross friends gave me \$500, with which to begin relief work. In September we had a good rain of about 3 inches (we had only 1-2 inches during the whole previous year). We at once organized our forces and soon got the wheat for seed into good ground. I saw some of it up and growing nicely early in October.

On Sept. 19th we organized all the Protestant Christian bodies in Paoingfu into the "Union Christian Famine Relief Committee of Paoingfu." We gave such an account of ourselves that other friends sent us more funds—including Hon. Liang Shih-I of Peking who sent us \$10,000. In a few weeks we were able to get into the hands of the very poor, but persons who had a little land, yet had no money with which to buy seed wheat, nearly \$17,000 worth of good wheat.

I am confident that nearly all this wheat got into the ground for we worked with the head men of the villages as well as with the county leaders, and they with those who got the grain are responsible for the return of a like amount next harvest. We gave to the needy poor—Christians and non-Christians alike. We gave it as a loan without interest. The autumn has been very favorable for the work. The wheat looks fine and there is a large acreage sown. If we can get these poor people over these months till next June when wheat can be harvested they should get on pretty well. This, however, is a tremendous task.

We need now government schemes and large sums of money to carry on big enterprises where hundreds of thousands of men can be employed. Mrs. Cunningham and others have just finished making for the army 4588 comforters and mattresses.

MILLING CO.

786 West Walnut Street
Bell Phone 624 Ill. Phone 1624

In this work about two hundred men were engaged for some weeks. Other than putting the Hair Net industry operating, the kitchen and such. But the multitudes are unprovided for.

The government is raising money. I am sure that millions of dollars have been contributed by the different organizations and by individuals. Will the government now do something adequate in the way of deepening rivers, erecting of embankments, digging of wells, making of roads etc. We can be glad to do anything we can in the way of securing workmen and assisting in directing them and such.

I have not undertaken to tell you the awful tales of sorrow of which we hear. One man disemboweled himself in our hospital rather than go face the horrors of starvation. Suicides, leaping into wells, forsaking or selling of children are of course common. One man sold his 18 year old daughter for \$18.00, a little afterward he was robbed of all his money. In his distress he hanged himself. His wife learning of his fate took the life of her other two children and then her own. Thus a whole family was blotted out. Tragedies of this sort are happening daily.

The army, now many months without pay, is a great menace. Just last night a company of soldiers in the east suburb of Paoingfu killed their sergeant and ran away with their guns. We hear of most heartless looting in a number of places even within the famine stricken area. Here is sorrow upon sorrow.

Nearly the whole bright side of the terribly black cloud which hangs over us is the fact that crowds are flocking to our chapels. Here we are trying to bring the comforts as well as the claims of the Gospel to these multitudes. They are coming to think of us as their friends, of the church as a place of shelter to the weary and heavy laden and they are both. Many in leading positions are much more friendly with us than they were wont to be. We seem to be becoming more thought of as a necessary part of the community than we were before.

Some instances of noble heroism have come to our attention. In some places the more able bodied members of the family gathered all their family store together, and refusing to eat any themselves gave it to the more helpless members while they went out to beg or seek for work which now, on the approach of winter they probably would not find.

The foreign children of Chikungshan (a summer's resort) sent me \$25.00 "For the Suffering Children of Chihli Province."—truly a beautiful gift, through a pretty big order.

The Chinese school boys and girls of Kwaiyuan, Nansuchow, and Yihien have sent us considerable gifts, totaling about \$100, while many foreigners, missionaries and others, have sent us letters, gifts, and offers of help in work of distribution. Such things touch the heart.

This is the time when China needs the sympathy and help of all her friends. We dread to think of the long winter months which must pass before the wheat harvest can be reaped. We can put to good use in life-saving work any and all moneys friends will send to us. Believe me, Yours for China, A. M. Cunningham.

WILL SPEND REMAINDER OF WINTER IN THE WEST

Mrs. Evelyn F. Brown and Frank J. Waddell expect to leave Tuesday, Jan. 4, for Los Angeles, Cal., where they will join Mrs. Waddell and Miss Frances Waddell, who have been in California for the past three months. The whole party will spend the remainder of the winter in the Golden state, and return to Jacksonville about April 1.

Miss Clara W. Brown is now in Honolulu, Hawaii, where she is spending the winter. She reports that she is enjoying the wonderful tropic climate and also the swimming for which there are excellent facilities around this island.

LOCAL PEOPLE AT BALL IN SPRINGFIELD

A crowd of Jacksonville people went to Springfield Friday evening to attend the Shriner's New Year ball, held in the State arsenal. Benson's orchestra of Chicago furnished the music. The party included Mr. and Mrs. John Larson, Mr. and Mrs. Hugh Breeden, Wood Phillips and Sherman Dorand.

ROBINSON OFFICER OF STATE ASSOCIATION

Mr. and Mrs. Carl E. Robinson returned from Chicago Friday, where Mr. Robinson has been attending the Illinois States' Attorney's convention that was held this week at Hotel Sherman. In the election of the association of officers for the ensuing year, State's Attorney Robinson was named secretary and treasurer of the organization.

GOLFERS EXPECT TO PLAY INSIDE; FIT UP COURSE

Jacksonville Enthusiasts Secure Room Over Clothing Store to Carry Out Scheme.

A number of local golf enthusiasts are at work today fitting up an indoor golf course in the store room above Breeden and Dorand's clothing store. Considering the amount of ground it takes to play regular golf, this would seem next to impossible, but it is not intended to play regular golf on this course.

Four large mats and one small one, which somewhat resemble wrestlers' mats, are used to form the tee, from which the ball is driven. A large canvas has been stretched at the back of the room, against which the ball may bound and thus lose its force.

The purpose of the golfers in establishing the indoor course is, to keep themselves in trim during the winter months. In this way they can place all their attention on developing their stroke and on driving the ball. This is especially true, since the golfer does not have to watch to see where his ball goes.

The golfers are very enthusiastic

over their new course. It may be used at any time, and the beauty of it is that golf on such a course is always in season.

COMPANY B RESUMES DRILL MONDAY NIGHT

After several weeks of inactivity owing to the holidays, members of Company B, the federalized guard troop here, will resume drill practice Monday night. The company will begin work again without the full quota, and the flag is still out for several new members.

Some weeks ago the troop was gruffed up to full strength of fifty-three men, through the efforts of Capt. Wesley James, on securing cooperation of the business men. The majority of this number was ex-army and everything was practically ready for "mustering in." However, two of the men who had signed up as members of the troops joined the regular army and three others moved away from the city. That left the troop with forty-eight members, or five short of the quota.

Capt. James said today that the absence of five men will not affect the future activities of the troop, although he will fill the ranks as soon as possible.

Men between the ages of 18 and 45 who are interested in this organization should communicate with Captain James.

AUTO DEMOLISHED BY TRAIN
Vergil Waggenerhoff of Concord, had a narrow escape Thursday evening, when the car he was driving, went dead on the C. B. & Q. crossing north of Concord and was demolished by a train. Mr. Waggenerhoff got out in the nick of time, but the car was carried half a mile down the track and was totally destroyed.

BATTERY

EXIDE

BATTERY

New Year

Announcement

Good News? You'll Say So

You won't have to put up any longer with annoying "guess work" about how well your starting and lighting Battery is going to serve you, because the "Exide" giant is within the reach of all. Every car owner can have one of these famous batteries that is the last word in Battery dependability.

Let the "Exide" Giant show you what a REAL Battery will do for your starting and lighting.

It is the one Battery that is making "a sure start assured" an accomplished fact for hundreds of thousands of car owners throughout the country. If you are not already an "Exide" enthusiast, a brief trial will make you one. We handle and stand back of this Battery because we've proven its true worth, and want every car owner to know and trust it as we have come to, for its dependability and economy.

Battery Repairing and Charging

We are prepared to do this work in a highly satisfactory manner, and at reasonable cost. No matter what the make of your Battery, nor what its apparent or obscure trouble, bring it to us, assured honest service and fair treatment. We want your friendship as well as your business, and we believe honest dealing will win. Give us the chance.

Have Your Car Overhauled Now

Now is the time to have your car thoroughly overhauled and ready for Spring. It is real economy, and an investment rather than an expense. Ever consider the constant attention and care given to a locomotive, and the reason for it? It preserves the locomotive, keeps it running smoothly and efficiently, and means money saved. Just so with your car. Our men on this work are real mechanics, of long experience on all types of gas engines, and fully understand car overhauling. Let us give you an estimate.

Car Painting New Tops Made

In our big establishment we have a really high grade paint shop for the handling of auto painting, in charge of men who thoroughly understand this most particular type of work. Aside from a car's appearance, in which every owner has pride, its life is lengthened by keeping the parts exposed to the weather properly painted. Now is a good time to have this work done, when the car is "put up" for the season, or its use can be more easily dispensed with. Get our estimate now.

DUN'S REPORT

WILL SAY

By Associated Press.

NEW YORK, Dec. 31.—Dun's
tomorrow will say:

"The year-end halting in busi-
ness was more marked than
usual but indications of improv-
ed sentiment multiply. The
general situation continues very
uneven as was to be expected
and different trades and indus-
tries have apparently not yet
reached the point where a de-
cisive turn for the better seems
imminent. Some important basic
lines, however,

The Years Record In The Police Department

The year just closing has been a quiet one for the police department as compared with some former years insofar as criminal work is concerned. However the year has been a busy one for the department for it had the collection of the wheel tax which required a great deal of work.

During the year of 1920 the department made 183 arrests. Of these 61 were state cases and 122 city cases. The total amount of fines and costs collected was \$1,009.30. The arrests by months and the charges are given hereunder.

January—Disorderly conduct 5, forgery 2, malicious mischief 6, assault and battery 1, burglary and larceny 2, larceny 12.

February—Disorderly conduct 3, traffic laws 1, forgery 1, assault with deadly weapon 2, murder 1, investigation 1, peace warrant 1.

March—Disorderly conduct 1, traffic laws 1, assault and battery 1, larceny 2, investigation 1, disturbing peace 2, confidence game 1, held for other cities 1, vagrancy 1.

April—Traffic laws 3, assault and battery 1, vagrancy 1, larceny of autos 3.

May—Disorderly conduct 9, drunkenness 1, traffic laws 6, peace warrant 2.

June—Disorderly conduct 1, traffic laws 5, peace warrant 1, larceny of autos 1, abusive language 1, violating health ordinance 1.

July—Disorderly conduct 4, drunkenness 4, assault with deadly weapon 1, larceny 1, investigation 1, vagrancy 1.

August—Drunkenness 5, assault and battery 3, burglary and larceny 4, vagrancy 2.

September—Disorderly conduct 13, drunkenness 2, traffic laws 2, peace warrant 1.

October—Disorderly conduct 4, drunkenness 1, assault and battery 4, peace warrant 2, abusive language 1, attempted rape 1.

November—Disorderly conduct 14, drunkenness 4, assault and battery 1, peace warrant 1, blocking railroad crossing 1.

Disorderly conduct 13, drunkenness 1, peace warrant 1.

Wheel Tax Collections.

The present city council passed an ordinance in the early part of the year providing for the collection of a wheel tax. This tax was collected by the police department. However, it was not effective until in May and the collections were only for eight months.

Chief Kiloran's records show a total of \$4,940 collected on all classes of vehicles. Of this amount \$668 was paid on horse drawn vehicles and \$4,272 on motor driven vehicles.

The total number of automobiles and motorcycles paying license is 927. The total number of horse drawn vehicles is 197. Chief Kiloran said yesterday that all of the automobiles had paid so far as could be learned. Owners purchasing cars after November 1 were not asked to pay a license but will pay for the full year in 1921. In the above total there are probably fifteen cars owned outside of the city limits. The owners voluntarily paid the tax because they said they used the city pavements.

The fees the coming year will show a much larger total than that of the past year. Mr. Kiloran figures there are approximately 1,000 cars owned inside the city at the present time. In addition to this increase the year's tax will be collected this year which will add considerably to the total amount.

An illustration of the wonderful growth of the automobile industry is shown by a comparison of the figures of Chief Kiloran with those of the city clerk's office in 1908.

In that year the first vehicle license was collected in Jacksonville. The fee for automobiles was \$10 for any kind of motor vehicle. That year the records show that just ten automobiles were owned by Jacksonville residents. From 10 to 1,000 is some increase in twelve years.

Oil Inspection.

In addition to other activities the police department did the oil inspection work after June 1. The records show that the fees totaled \$552 which were turned over to the city treasurer. If present conditions prevail the department promises to be the source of considerable revenue to the city.

MARRIAGE LICENSE RECORD IS INTERESTING

Review of Records at County Clerk's Office Shows That the Number of 1920 Licenses Exceeds Past Several Years—Data on Licenses Compiled.

A review of the marriage license records in the office of County Clerk G. L. Riggs reveals the fact that there were six more licenses issued this year than last, this year's number being 303 while the 1919 total was 297. The 1920 record is higher by one than the 1917 record, which was the highest in a five year period. In 1917 there were 30 licenses issued, and in 1918 there was a very considerable falling off, but 208 licenses being issued during the year.

The record by months issued for the past year follows:

January	25
February	20
March	31
April	26
May	18
June	13
July	13
August	23
September	25
October	25
November	26
December	21

Rev. M. L. Pontius leads in the number of marriage ceremonies performed during the year 1920, the Christian church pastor having officiated in 51 services. Rev. F. M. Crabtree comes next with a total of 19. Justice C. O. Bayha has the highest number of any of the justices of the peace, having performed eleven ceremonies during the twelve months. Below is a list of the ministers and justices of the peace with the total of ceremonies performed by each for the year 1920:

B. W. SNOW REVIEWS YEAR CROP CONDITION

Grain Expert Gives Interesting Resume of Twelve Months Just Closing.

B. W. Snow is a crop expert whose statements and opinions have long been given a great deal of attention by those who grow or deal in grain. Mr. Snow is crop expert for Barlett-Frazier Co., and attention has been called to his annual review by Henry C. Goebel. Mr. Snow's interesting resume follows:

American agriculture in 1920 faced a combination of conditions that have tested both its morale and its financial soundness as has no other year in history. The season itself was to an unusual degree uncertain, trying and calculated to test both the courage and the ability of the farmer, but in spite of difficult climatic experiences, actual shortage of labor, increased cost of everything needed on the farm, disquieting rumor and baseless accusation, the men of the farm grimly stuck to their task of feeding the world, and when the productive balance was finally struck it showed crops of a magnitude never before equalled and sufficient to assure the rest of the world of its food supply for another trying year.

When the world's history of recent years is far enough away to furnish the true historical perspective, the man of the American farmer has played in the saving of humanity will stand out as clearly as the mountain peaks that dominate the plains.

Under the burdens imposed by a hungry world, he has labored steadily, uncomplainingly and successfully, but now with the end in sight he finds the burden of economic readjustment bearing heavily upon his shoulders. The collapse in prices, beginning as it naturally did with raw materials, has placed him in a position where he finds it increasingly difficult to adjust himself to post-war conditions. The rest of the community, also equally suffering from the economic consequences of world-wide deflation, but whose food safely has been assured by the steady effort of the farmer must stand ready to extend to him every proper assistance which can be given in order to aid him in meeting his difficulties. It is a time when farm credit and agricultural stability are essential to the welfare of all as never before.

We have a corn crop that in quantity of 3,200,000,000 bushels, and in quality the highest, breaks all records. A wheat crop that in spite of a most unfavorable spring, which saw materials furnish us an exportable surplus of above 240,000,000 bushels and assures the world of food. An oats crop above 1,500,000 bushels and an ample supply of all minor grains.

And so thru the whole line of production the story runs. Ample crops for all requirements, domestic and foreign, safeguarding the world as a result of the steady, painstaking effort of the American farmer in the most trying year of his experience.

EXECUTIVE COMMITTEE OF FARM BUREAU MET

Session Held Yesterday at Bureau Office—Livestock and Crops Among Subjects Discussed.

The executive committee of the Morgan County Farm Bureau held a session yesterday at the rooms in the Rabjohns & Reid building. Mayor Crabtree was present and made a brief explanation of the law whereby counties are authorized to erect war memorial buildings. C. L. Hawker, who attended the state conference at Springfield recently relative to the establishment of seed depots, made a report of this gathering. Mr. Hawker is one of the committee to make plans for a district seed warehouse.

The general subjects of livestock and crops for 1921 were discussed and J. W. Arnold favored the plan of urging farmers to use mares and mules on their farms this year in preference to tractors.

It was decided to invite the managers and directors of all farmers grain company elevators in the county to dinner and conference to be held next Saturday Jan. 8. At that time plans will be discussed for the handling of seeds, limestone and farm machinery by these farmers' elevators companies.

County Agent Kendall brought to attention several matters of routine business and various reports were approved and bills ordered paid. The committee appointed to make arrangements for the securing of an assistant to the county agent reported applications from J. A. Groves, R. H. Watson, W. W. McLaughlin, A. C. Carriagers and H. J. Rucker.

Regular business meeting Union Baptist church Sat. night, Jan. 1st. Members urgently requested to attend. Lunch served.

THE OLD AND THE NEW YEAR

Another year has rolled around, Has come and passed—away The veil now lifts and we behold Another New Year's day.

Each day that's dawned and closed again Its mission has fulfilled And God knew best that all should be New voices heard, and others stilled.

Some hearts the pain of troubles known Now live each day anew And others joys have always known This year have known but few.

And so it is from day to day Lives, vice versa seem to be But few it is that ever say, "The trouble lies with me."

This earth its daily task performs Of turning round, we know And some our troubles can shift o'er While others seem to grow.

Some rather crumbs of pleasure, cast Along beside the way And pass along their happiness 'Tis a cherished love display.

But a gloomy nature makes the gloom That it seems forced to bear But smiles we know will grow and grow So smile that all may share.

The permeating light Of a stream of sunbeams gay That sheds their light and always finds The seeker on his way.

Let New Year's curtains rise Before resolutions strong That hold their own, and grow alone Nourished by ambition's song, JANE WILFRED LEVERS.
